**Department of Health & Human Services
Administration for Children and Families**

Program Office: Administration on Children, Youth and Families -
Children's Bureau

Funding Opportunity Title: Grants to Tribes, Tribal Organizations, and Migrant
Programs for Community-Based Child Abuse Prevention
Programs

Announcement Type: Initial

**Funding Opportunity
Number:** HHS-2016-ACF-ACYF-CA-1119

Primary CFDA Number: 93.590

Due Date for Applications: 06/27/2016

Executive Summary

Notices:

- **Applicants are strongly encouraged to read the entire funding opportunity announcement (FOA) carefully and observe the application formatting requirements listed in *Section IV.2. Content and Form of Application Submission*. For more information on applying for grants, please visit "How to Apply for a Grant" on the ACF Grants Page at <http://www.acf.hhs.gov/grants/howto>.**

The primary purpose of this funding opportunity announcement (FOA) is to support community-based efforts in tribal and migrant communities to prevent child abuse and neglect and to strengthen and support families. Funded projects will develop, operate, expand, enhance, and coordinate initiatives, programs and activities to reduce the likelihood of child abuse and neglect, consistent with the goals outlined by Title II of the Child Abuse Prevention and Treatment Act (CAPTA). This legislation specifies that one percent of the available funding from Title II will be reserved to fund tribes, tribal organizations, and migrant programs. ACF will consider funding at least one tribal organization or Indian tribe and at least one migrant organization that falls within the funding range under this FOA. It is anticipated that three grants will be funded under this announcement. The funding period will be for 5 years.

I. Program Description

Statutory Authority

The statutory authority is Title II of the Child Abuse Prevention and Treatment Act, 42 USC §5116 et seq., as amended by Public Law (Pub. L.) 111-320. Pursuant to 42 USC §5116(b)a, the Secretary shall reserve 1 percent of the amount appropriated for a fiscal year to make allotments to Indian tribes and tribal organizations and migrant programs.

Description

The Administration on Children, Youth and Families (ACYF) administers national programs for children, youth and their families; works with states, tribes, and local communities to develop services that support and strengthen family life; seeks partnerships with the private sector to enhance the lives of children and their families; and provides information and other assistance to parents and caregivers. The concerns of ACYF extend to all children, including those from Native American and migrant families, from pre-natal through adolescence. Many of the programs administered by the agency focus on children from low-income families; abused and neglected children; children and youth in need of foster care, independent living, adoption, or other child welfare services; preschool children; children with disabilities; and runaway and homeless youth.

Within ACYF, the Children's Bureau (CB) plans, manages, coordinates, and supports child abuse and neglect prevention and child welfare services programs. CB programs are designed to promote the safety, permanency, and well-being of all children, including, in the case of Indian children, providing assistance to Indian tribes in the operation of Indian child and family service programs. CB programs support and foster the well-being of children in foster care, available for adoption, recently adopted, abused, neglected, dependent, disabled, or who are experiencing homelessness. CB programs also support child abuse and neglect prevention. The programs encourage strengthening the family unit to help prevent unnecessarily separating children from their families and reunifying families, when appropriate, when separation has occurred. CB also supports programs and services that promote family stability, the role of fathers, and relationship-building for parenting couples.

For more information about CB programs, visit <http://www.acf.hhs.gov/programs/cb>, and Child Welfare Information Gateway at <http://www.childwelfare.gov/>.

Child Abuse Prevention and Treatment Act (CAPTA)

Since its enactment in 1974, CAPTA [42 U.S.C. 5101 et seq.,] has sought to increase national attention to the problem of child abuse and neglect and to improve the Nation's ability to prevent and respond to child maltreatment. Through its several reauthorizations over the years, the law has worked to strengthen the entire child protective services system. Under CAPTA, programs are implemented to prevent child maltreatment; identify child abuse and neglect; provide initial response, assessment, and investigation in suspected child abuse reports; and prosecute caregivers found to be the perpetrators of the abuse.

Title I of CAPTA authorizes research and demonstration grants, data collection and information dissemination activities, and two state grant programs: the Basic State Grant and the Children's Justice Act Grant.

Title II of CAPTA authorizes the Community-Based Grants for the Prevention of Child Abuse and Neglect. This program assists States to develop, operate, expand, enhance, and coordinate initiatives, programs and activities to prevent child abuse and neglect. This

legislation specifies that one percent of the available funding from Title II be reserved to fund tribes, tribal organizations, and migrant programs.

Community-Based Grants for the Prevention of Child Abuse and Neglect Program

CAPTA was last authorized through the CAPTA Reauthorization Act of 2010 (Pub. L. 111-320). This legislation amended Title II of CAPTA and reauthorized the Community-Based Grants for the Prevention of Child Abuse and Neglect or, for administrative purposes, the Community-Based Child Abuse Prevention (CBCAP) program. At that time, purposes were added for CBCAP leads such as developing a continuum of prevention services for unaccompanied homeless youth; involving parents in planning, implementing, and improving community-based child abuse prevention programs that build on the strengths of families; and including substance abuse treatment services and domestic violence services as types of prevention services that can be funded under CBCAP. The legislation continues to recognize that individual child abuse and neglect prevention programs cannot stand alone -- they are part of a larger statewide and national system of care for families, of which prevention must be a key component.

This CBCAP formula grant program specifically supports community-based efforts to develop, operate, expand, enhance, and coordinate initiatives programs and activities to prevent child abuse and neglect. The program is also authorized to support coordination of resources and activities, to better strengthen and support families, to reduce the likelihood of child abuse and neglect; and to foster an understanding, appreciation, and knowledge of diverse populations in order to effectively prevent and treat child abuse and neglect. Since 2006, the CBCAP program has worked to promote the increased use of evidence-based and evidence-informed programs and practices. One percent of the funding for this program is earmarked to support child abuse prevention programs and activities specifically targeting the tribal and migrant populations.

All states, the District of Columbia, and the U.S. territories receive funding under the formula grant program. In every state, the Governor designates a Lead Agency to receive these funds. The Lead Agencies provide grants to local agencies to fund child abuse prevention and family support services and activities. Some states may choose to fund tribal and migrant programs from their formula grant because members of Indian tribes are citizens of states in which they reside. As citizens of the state, Indian children and families are entitled to receive child abuse prevention and family support service and activities made available to other state citizens. Many states fund core services such as parent education, parent mutual support, home visiting programs, early childhood programs, respite and crisis care, family resource centers, and other family support services. In addition, the Lead Agencies provide leadership and support for the child abuse prevention network in the state and offer training and technical assistance to their funded programs. Tribal and migrant programs funded by this announcement are expected to actively engage in the statewide CBCAP network. Moreover, the tribal and migrant programs are encouraged to provide their input and expertise to the Lead Agencies regarding the needs and issues facing their service populations. For more information on the CBCAP program and the Lead Agencies, visit the website for the FRIENDS National Center for CBCAP programs at: <http://www.friendsnrc.org>. For more information regarding the currently funded CBCAP Tribal and Migrant grants, please see <http://www.friendsnrc.org/tribal-and-migrant-grantees>.

Protective Factors Approach

Protective factors are conditions or attributes in individuals, families, communities, or the larger society that, when present, mitigate or eliminate risk and increase health and well-being of children and families. A protective factor can be defined as a characteristic at the biological, psychological, family, or community (including peers and culture) level that is associated with a lower likelihood of problem outcomes or that reduces the negative impact of a risk factor on problem outcomes. Protective factors can serve as buffers, helping parents who might otherwise be at risk of abusing their children to find resources, supports, or coping strategies that allow them to parent effectively, even under stress. Protective factors help ensure that children and youth function well at home, in school, at work, and in the community, today and into adulthood. ACYF supports projects that establish or enhance child and family connections based on a protective factors approach. For more information on Protective Factors, visit Child Welfare Information Gateway – Protective Factors: <https://www.childwelfare.gov/topics/preventing/promoting/protectfactors/>.

PROJECT REQUIREMENTS

The goal of the programs and activities supported by these funds is to prevent child abuse and neglect within tribal and migrant populations. The funds must support effective and comprehensive child abuse prevention activities and family support services, using a protective factors approach, that will enhance the lives and ensure the safety and well-being of migrant and/or Native American children and their families. Some examples of programs that may be funded include, but are not limited to, voluntary home visiting, respite care, parenting education, family resource centers, and other family support services.

Grantees must implement programs and practices that reflect the unique cultural characteristics and needs of their communities, and implement or reestablish traditional practices and/or activities that support protective factors in order to prevent child abuse and neglect. Grantees must also describe service delivery strategies that build on, or are an alternative to, existing strategies. Grantees may choose to adapt and/or implement evidence-based or evidence-informed programs or practices. Funds must also be budgeted and used to evaluate the programs and services supported by the grant. Finally, funded programs should develop strong linkages with the Community-Based Child Abuse Prevention Program (CBCAP) State Lead Agency funded under Title II of CAPTA.

Other Project Requirements

- Grantees must have the project fully functioning within 90 days following the notification of the award.
- Grantees must participate, if CB chooses, to do a cross-site evaluation or a technical assistance contract that relates to this FOA.
- Grantees must allocate sufficient funds in the budget to support required travel to the kick-off meeting that will occur within 3 months after the award. The travel will require that the project director, evaluator, and/or other key staff attend the 2-3 day kick-off meeting in Washington, DC. The project director, the evaluator, and/or other key staff must attend an annual grantee meeting.
- Grantees must budget for travel for a minimum of two staff, but not more than four, to attend five grantees meetings (one per year) over the course of the budget period.

Grantees are expected to participate in peer-to-peer sharing of implementation activities.

- All grantee materials, products, publications, news releases, etc. will include this notice: "Funded through the Department of Health and Human Services, Administration for Children and Families, Children's Bureau, Grant # _____. The content of this publication do not necessarily reflect the views or policies of the funders, nor does mention of trade names, commercial products or organizations imply endorsement by the U.S. Department of Health and Human Services. This information is in the public domain. Readers are encouraged to copy and share it, but please credit _____."
- Grantees are required to ensure publications and websites are accessible. Although not required, grantees are strongly encouraged to consider using Section 508 standards to ensure accessibility.

Tips for Preparing a Competitive Application

Please read the entire announcement package carefully before preparing an application and include all of the required application forms and attachments. The application must reflect a thorough understanding of and support the purpose and objectives of the applicable legislation. Reviewers expect applications to reflect an understanding of the goals of the legislation and CB's interest in each topic and to address and follow all of the evaluation criteria in ways that demonstrate this understanding. Applications that do not clearly address the evaluation criteria or program requirements generally receive very low scores and are rarely funded.

CB's website (<http://www.acf.hhs.gov/programs/cb>) provides a wide range of information and links to other relevant websites. Before preparing an application, applicants can learn more about CB's mission and programs by exploring this website.

II. Federal Award Information

Funding Instrument Type:	Grant
Estimated Total Funding:	\$397,640
Expected Number of Awards:	3
Award Ceiling:	\$132,546 Per Budget Period
Award Floor:	\$75,000 Per Budget Period
Average Projected Award Amount:	\$132,546 Per Budget Period
Anticipated Project Start Date:	09/30/2016

Length of Project Periods:

Length of Project Period: 60-month project with five 12-month budget periods

Additional Information on Awards:

Awards made under this announcement are subject to the availability of federal funds.

Applications requesting an award amount that exceeds the *Award Ceiling* per budget period, or per project period, as stated in this section, will be disqualified from competitive review and from funding under this announcement. This disqualification applies only to the *Award Ceiling* listed for the first 12-month budget period for projects with multiple budget periods. If the project and budget period are the same, the disqualification applies to the *Award Ceiling* listed for the project period. Please see *Section III.3. Other, Application Disqualification Factors*.

Note: For those programs that require matching or cost sharing, recipients will be held accountable for projected commitments of non-federal resources in their application budgets and budget justifications by budget period or by project period for fully funded awards, even if the projected commitment exceeds the required amount of match or cost share. **A recipient's failure to provide the required matching amount may result in the disallowance of federal funds.** See *Section III.2.* of this announcement for information on cost-sharing or matching requirements.

The legislation for this funding opportunity announcement specifies that one percent of the available funding from Title II will be reserved to fund tribes, tribal organizations, and migrant programs.

III. Eligibility Information

III.1. Eligible Applicants

Eligibility is limited to federally recognized Indian tribes and tribal organizations and migrant programs with the capacity to establish, maintain, and evaluate community-based programs for preventing child abuse and neglect. Applicants must specify if they are applying as a "Tribe" or "Tribal Organization" or "Migrant Program." Non-profit organizations (with and without 501(c)(3) status) are eligible to apply if they operate or plan to operate migrant programs.

Collaborative and interdisciplinary efforts are acceptable, but applications must identify a primary applicant responsible for administering the grant. Applicant organizations should foster strong linkages with the State Lead Agency for the Community-Based Child Abuse Prevention Program funded by title II of CAPTA.

Applications from individuals (including sole proprietorships) and foreign entities are not eligible and will be disqualified from competitive review and from funding under this announcement. See *Section III.3. Other, Application Disqualification Factors*.

Faith-based and community organizations that meet the eligibility requirements are eligible to receive awards under this funding opportunity announcement. Faith-based organizations are encouraged to review the ACF Policy on Grants to Faith-Based Organizations at: <http://www.acf.hhs.gov/acf-policy-on-grants-to-faith-based-organizations>.

See *Section IV.2. Legal Status of Applicant Entity* for documentation required to support eligibility.

III.2. Cost Sharing or Matching

Cost Sharing / Matching Requirement: No

For all federal awards, any shared costs or matching funds and all contributions, including cash and third-party in-kind contributions, must be accepted as part of the recipient's cost sharing or matching when such contributions meet all of the criteria listed in 45 CFR 75.306.

For awards that require matching by statute, recipients will be held accountable for projected commitments of non-federal resources in their application budgets and budget justifications by budget period, or by project period for fully funded awards, even if the projected commitment exceeds the amount required by the statutory match. **A recipient's failure to provide the statutorily required matching amount may result in the disallowance of federal funds. Recipients will be required to report these funds in the Federal Financial Reports.**

For awards that do not require matching or cost sharing by statute, where "cost sharing" refers to any situation in which the recipient voluntarily shares in the costs of a project other than as statutorily required matching. These include situations in which contributions are voluntarily proposed by an applicant and are accepted by ACF. Non-federal cost sharing will be included in the approved project budget so that the applicant will be held accountable for proposed non-federal cost-sharing funds as shown in the Notice of Award (NOA). **A recipient's failure to provide voluntary cost sharing of non-federal resources that have been accepted by ACF as part of the approved project costs and that have been shown as part of the approved project budget in the NOA, may result in the disallowance of federal funds. Recipients will be required to report these funds in the Federal Financial Reports.**

III.3. Other

Application Disqualification Factors

Applications from individuals (including sole proprietorships) and foreign entities are not eligible and will be disqualified from competitive review and from funding under this announcement.

Award Ceiling Disqualification

Applications that request an award amount that exceeds the *Award Ceiling* per budget period or per project period as stated in *Section II. Federal Award Information*, will be disqualified from competitive review and from funding under this announcement. This disqualification applies only to the *Award Ceiling* listed for first 12-month budget period for projects with multiple budget periods. If the project and budget period are the same, the disqualification applies to the *Award Ceiling* listed for the project period.

Required Electronic Application Submission

ACF requires electronic submission of applications at www.Grants.gov. **Paper applications received from applicants that have not been approved for an exemption from required electronic submission will be disqualified from competitive review and from funding under this announcement.**

Applicants that do not have an Internet connection or sufficient computing capacity to upload large documents to the Internet may contact ACF for an exemption that will allow the applicant to submit applications in paper format. Information and the requirements for requesting an exemption from required electronic application submission are found in "Request an Exemption from Electronic Application Submission" in *Section IV.2. Content and Form of Application Submission*.

Missing the Application Deadlines (Late Applications)

The deadline for electronic application submission is 11:59 p.m., ET, on the due date listed in the *Overview* and in *Section IV.4. Submission Dates and Times*. Electronic applications submitted to www.Grants.gov after 11:59 p.m., ET, on the due date, as indicated by a dated and time-stamped email from www.Grants.gov, will be disqualified from competitive review and from funding under this announcement. That is, applications submitted to www.Grants.gov, on or after 12:00 a.m., ET, on the day after the due date will be disqualified from competitive review and from funding under this announcement.

Applications submitted to www.Grants.gov at any time during the open application period, and prior to the due date and time, which fail the www.Grants.gov validation check, will not be received at, or acknowledged by, ACF.

Each time an application is submitted via www.Grants.gov, the submission will generate a new date and time-stamp email notification. Only those applications with on-time date and time stamps that result in a validated application, which is transmitted to ACF, will be acknowledged.

The deadline for receipt of paper applications is 4:30 p.m., ET, on the due date listed in the *Overview* and in *Section IV.4. Submission Dates and Times*. Paper applications received after 4:30 p.m., ET, on the due date will be disqualified from competitive review and from funding under this announcement. **Paper applications received from applicants that have not received approval of an exemption from required electronic submission will be disqualified from competitive review and from funding under this announcement.**

Notification of Application Disqualification

Applications that are disqualified under these criteria are considered to be “non-responsive” and are excluded from the competitive review process. Applicants will be notified of a disqualification determination by email or by USPS postal mail within 30 federal business days from the closing date of this FOA.

IV. Application and Submission Information

IV.1. Address to Request Application Package

CB Operations Center
c/o LCG, Inc.
1400 Key Boulevard
Suite 900
Arlington, VA 22209
Phone: (888) 203-6161
Email: CB@grantreview.org

Electronic Application Submission:

The electronic application submission package is available in the FOA's listing at www.Grants.gov.

Applications in Paper Format:

For applicants that have received an exemption to submit applications in paper format, Standard Forms, assurances, and certifications are available in the Application Package available in the FOA's Grants.gov synopsis at www.Grants.gov. They are also available at <http://www.grants.gov/web/grants/forms/sf-424-family.html#sortby=1>. See *Section IV.2. Request an Exemption from Required Electronic Application Submission* if applicants do not have an Internet connection or sufficient computing capacity to upload large documents (files) to www.Grants.gov.

Standard Forms that are compliant with Section 508 of the Rehabilitation Act (29 U.S.C. § 794d):

Available at the Grants.gov Forms Repository website at <http://www.grants.gov/web/grants/forms/sf-424-family.html#sortby=1>.

Federal Relay Service:

Hearing-impaired and speech-impaired callers may contact the Federal Relay Service (FedRelay) for assistance at www.gsa.gov/fedrelay.

IV.2. Content and Form of Application Submission

FORMATTING APPLICATION SUBMISSIONS

In FY 2013 ACF implemented a new application upload requirement. Each applicant applying electronically via www.Grants.gov is required to upload only two electronic files, excluding Standard Forms and OMB-approved forms. No more than two files will be accepted for the review, and additional files will be removed. Standard Forms and OMB-approved forms will not be considered additional files.

FOR ALL APPLICATIONS:

Authorized Organizational Representative (AOR)

AOR is the designated representative of the applicant/recipient organization with authority to act on the organization's behalf in matters related to the award and

administration of grants. In signing a grant application, this individual agrees that the organization will assume the obligations imposed by applicable Federal statutes and regulations and other terms and conditions of the award, including any assurances, if a grant is awarded.

AOR authorization is part of the registration process at www.Grants.gov, where the AOR will create a short profile and obtain a username and password from the Grants.gov Credential Provider. AORs will only be authorized for the DUNS number registered in the System for Awards Management (SAM).

Point of Contact

In addition to the AOR, a point of contact on matters involving the application must also be identified. The point of contact, known as the Project Director or Principal Investigator, should not be identical to the person identified as the AOR. The point of contact must be available to answer any questions pertaining to the application.

Application Checklist

Applicants may refer to *Section VIII. Other Information* for a checklist of application requirements that may be used in developing and organizing application materials.

Accepted Font Style

Applications must be in Times New Roman (TNR), 12-point font, except for footnotes, which may be TNR 10-point font.

Page Limitations

Applicants must observe the page limitation(s) listed under "PAGE LIMITATIONS AND CONTENT FOR ALL SUBMISSION FORMATS:". Page limitation(s) do not include SFs and OMB-approved forms.

All applications must be double-spaced. An application that exceeds the cited page limitation for double-spaced pages in the Project Description file or the Appendices file will have the last extra pages removed and the removed pages will not be reviewed.

Application Elements Exempted from Double-Spacing Requirements

The following elements of the application submission are exempt from the double-spacing requirements and may be single-spaced: the table of contents, the one-page Project Summary/Abstract, required Assurances and Certifications, required SFs, required OMB-approved forms, resumes, logic models, proof of legal status/non-profit status, third-party agreements, letters of support, footnotes, tables, the line-item budget and/or the budget justification.

Adherence to FOA Formatting, Font, and Page Limitation Requirements

Applications that fail to adhere to ACF's FOA formatting, font, and page limitation requirements will be adjusted by the removal of page(s) from the application. Pages will be removed before the objective review. The removed page(s) will not be made available to reviewers.

In instances where formatting and font requirements are not adhered to, ACF uses a formula to determine the actual number of pages to be removed. The formula counts the number of characters an applicant uses when following the instructions and using 12-point TNR and compares the resulting number with that of the submitted application. For example, an applicant using TNR, 11-point font, with 1-inch margins all around, and single-spacing, would have an additional 26 lines, or 1500 characters, which is equal to 4/5 of an additional page. Extra pages resulting from this formula will be removed and will not be reviewed. Applications that have more than one scanned page of a document on a single page will have the page(s) removed from the review.

For applicants that submit paper applications, double-sided pages will be counted as two pages. When the maximum allowed number of pages is reached, excess pages will be removed and will not be made available to reviewers.

NOTE: Applicants failing to adhere to ACF's FOA formatting, font, and page limitation requirements will receive a letter from ACF notifying them that their application was amended. The letter will be sent after awards have been issued and will specify the reason(s) for removal of page(s).

Copies Required

Applicants must submit one complete copy of the application package electronically. Applicants submitting electronic applications need not provide additional copies of their application package.

Applicants submitting applications in paper format must submit one original and two copies of the complete application, including all Standard Forms and OMB-approved forms. The original copy must have original signatures.

Signatures

Applicants submitting electronic applications must follow the registration and application submission instructions provided at www.Grants.gov.

The original of a paper format application must include original signatures of the authorized representatives.

Accepted Application Format

With the exception of the required Standard Forms (SFs) and OMB-approved forms, all application materials must be formatted so that they are 8 ½" x 11" white paper with 1-inch margins all around.

If possible, applicants are encouraged to include page numbers for each page within the application.

ACF generally does not encourage submission of scanned documents as they tend to have reduced clarity and readability. If documents must be scanned, the font size on any

scanned documents must be large enough so that it is readable. Documents must be scanned page-for-page, meaning that applicants may not scan more than one page of a document onto a single page.

PAGE LIMITATIONS AND CONTENT FOR ALL SUBMISSION FORMATS:

The Project Description and the appendices must not exceed a combined total of 125 pages. The Project Description must include these items:

1. Table of Contents
2. Abstract
3. Objectives and Need for Assistance
4. Approach
5. Evaluation
6. Organizational Capacity
7. Line Item Budget and Budget Justification

The Appendices must include these items:

1. Certifications and Assurances
2. Proof of Legal Status (if applicable)
3. Third-party agreements
4. Staff and Position Data (e.g., resumes, job descriptions, organizational charts)
5. Indirect Cost Rate Letter (if applicable)

ELECTRONIC APPLICATION SUBMISSION INSTRUCTIONS

Applicants are required to submit their applications electronically unless they have requested and received an exemption that will allow submission in paper format. See *Section IV.2. Application Submission Options* for information about requesting an exemption.

Electronic applications will only be accepted via www.Grants.gov. **ACF will not accept applications submitted via email or via facsimile.**

Each applicant is required to upload ONLY two electronic files, excluding SFs and OMB-approved forms.

File One: Must contain the entire Project Description, and the Budget and Budget Justification (including a line-item budget and a budget narrative).

File Two: Must contain all documents required in the Appendices.

Adherence to the Two-File Requirement

No more than two files will be accepted for the review. Applications with additional files will be amended and files will be removed from the review. SFs and OMB-approved forms will not be considered additional files.

Application Upload Requirements

ACF strongly recommends that electronic applications be uploaded as Portable Document Files (PDFs). One file must contain the entire Project Description and Budget Justification; the other file must contain all documents required in the Appendices. Details on the content of each of the two files, as well as page limitations, are listed earlier in this section.

To adhere to the two-file requirement, applicants may need to convert and/or merge documents together using a PDF converter software. Many recent versions of Microsoft Office include the ability to save documents to the PDF format without need of additional software. Applicants using the Adobe Professional software suite will be able to merge these documents together. ACF recommends merging documents electronically rather than scanning multiple documents into one document manually, as scanned documents may have reduced clarity and readability.

Applicants must ensure that the version of Adobe Professional they are using is compatible with Grants.gov. To verify Adobe software compatibility please go to Grants.gov and click on “Support” at the top bar menu and select “Adobe Software Compatibility”, which is listed under the topic “Find Answers Online.” The Adobe verification process allows applicants to test their version of the software by opening a test application package. Grants.gov also includes guidance on how to download a supported version of Adobe, as well as troubleshooting instructions if an applicant is unable to open the test application package. There is also a help page for configuring Firefox and Chrome to open PDFs using Adobe software.

The Adobe Software Compatibility page located on Grants.gov also provides guidance for applicants that have received error messages while attempting to save an application package. It also addresses local network and/or computer security settings and the impact this has on use of Adobe software.

For any systems issues experienced with Grants.gov or with SAM.gov, please refer to ACF’s “Policy for Applicants Experiencing Federal Systems Issues” document for complete guidance at https://www.acf.hhs.gov/sites/default/files/assets/systems_issue_policy_final.pdf under “How to Apply for a Grant/Submit an Application.”

Required Standard Forms (SFs) and OMB-approved Forms

Standard Forms (SFs) and OMB-approved forms, such as the SF-424 application and budget forms and the SF-P/PSL (Project/Performance Site Location), are uploaded separately at Grants.gov. These forms are submitted separately from the Project Description and Appendices files. See *Section IV.2. Required Forms, Assurances, and Certifications* for the listing of required Standard Forms, OMB-approved forms, and required assurances and certifications.

Naming Application Submission Files

Carefully observe the file naming conventions required by www.Grants.gov. Limit file names to 50 characters (characters and spaces). Special characters that are allowed under Grants.gov's naming conventions, and are accommodated by ACF's systems, are listed in the instructions available in the Download Application Package at Grants.gov. Please also see <http://www.grants.gov/web/grants/applicants/submitting-utf-8-special-characters.html>.

Use only file formats supported by ACF

It is critical that applicants submit applications using only the supported file formats listed here. While ACF supports all of the following file formats, **we strongly recommend that the two application submission files (Project Description and Appendices) are uploaded as PDF documents in order to comply with the two file upload limitation.** Documents in file formats that are not supported by ACF will be removed from the application and will not be used in the competitive review. This may make the application incomplete and ACF will not make any awards based on an incomplete application.

ACF supports the following file formats:

- Adobe PDF – Portable Document Format (.pdf)
- Microsoft Word (.doc or .docx)
- Microsoft Excel (.xls or .xlsx)
- Microsoft PowerPoint (.ppt)
- Corel WordPerfect (.wpd)
- Image Formats (.JPG, .GIF, .TIFF, or .BMP only)

Do Not Encrypt or Password-Protect the Electronic Application Files

If ACF cannot access submitted electronic files because they are encrypted or password protected, the affected file will be removed from the application and will not be reviewed. This removal may make the application incomplete and ACF will not make awards based on an incomplete application.

FORMATTING FOR PAPER APPLICATION SUBMISSIONS:

The following requirements are only applicable to applications submitted in paper format. Applicants must receive an exemption from ACF in order for a paper format application to be accepted for review. See *Section IV.2. Request an Exemption from Required Electronic Application Submission* later in this section under *Application Submission Options* for more information.

Format Requirements for Paper Applications

All copies of mailed or hand-delivered paper applications must be submitted in a single package. If an applicant is submitting multiple applications under a single FOA, or multiple applications under separate FOAs, each application submission must be packaged separately. The package(s) must be clearly labeled for the specific FOA it addresses by FOA title and by Funding Opportunity Number (FON).

Because each application will be duplicated, do not use or include separate covers,

binders, clips, tabs, plastic inserts, maps, brochures, or any other items that cannot be processed easily on a photocopy machine with an automatic feed. Do not bind, clip, staple, or fasten in any way separate sections of the application. Applicants are advised that the copies of the application submitted, not the original, will be reproduced by the federal government for review. **All application materials must be one-sided for duplication purposes. All pages in the application submission must be sequentially numbered.**

Addresses for Submission of Paper Applications

See *Section IV.7. Other Submission Requirements* for addresses for paper format application submissions.

Required Forms, Assurances, and Certifications

Applicants seeking grant or cooperative agreement awards under this announcement must submit the listed Standard Forms (SFs), assurances, and certifications with the application. All required Standard Forms, assurances, and certifications are available in the Application Package posted for this FOA at www.Grants.gov.

Other versions of required Standard Forms, assurances, and certifications are available at Grants.gov <http://www.grants.gov/web/grants/forms/sf-424-family.html>.

Forms / Assurances / Certifications	Submission Requirement	Notes / Description
SF-LLL - Disclosure of Lobbying Activities	If submission of this form is applicable, it is due at the time of application. If it is not available at the time of application, it may also be submitted prior to the award of a grant.	If any funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a member of Congress, an officer or employee of Congress, or an employee of a member of Congress in connection with this commitment providing for the United States to insure or guarantee a loan, the applicant

		shall complete and submit the SF-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.
SF-424 Key Contact Form	Submission is required for all applicants by the application due date.	Required for all applications.
Certification Regarding Lobbying (Grants.gov Lobbying Form)	Submission required of all applicants with the application package. If it is not submitted with the application package, it must be submitted prior to the award of a grant.	Submission of the certification is required for all applicants.
SF-424 - Application for Federal Assistance	Submission is required for all applicants by the application due date.	Required for all applications.
SF-424A - Budget Information - Non-Construction Programs and SF-424B - Assurances - Non-Construction Programs	Submission is required for all applicants when applying for a non-construction project. Standard Forms must be used. Forms must be submitted by the application due date.	Required for all applications when applying for a non-construction project. By signing and submitting the SF-424B, applicants are making the appropriate certification of their compliance with all federal statutes relating to nondiscrimination.
SF-Project/Performance Site Location(s) (SF-P/PSL)	Submission is required for all applicants by the application due date.	Required for all applications. In the SF-P/PSL, applicants may cite their primary location and up to 29 additional

		performance sites.
Mandatory Grant Disclosure	<p>Submission is required for all applicants and recipients, in writing, to the awarding agency and to the HHS Office of the Inspector General (OIG) all information related to violations of federal criminal law involving fraud, bribery, or gratuity violations potentially affecting the federal award.</p> <p>Disclosures must be sent in writing to:</p> <p>The Administration for Children and Families, U.S. Department of Health and Human Services, Office of Grants Management, ATTN: Grants Management Specialist, 330 C Street, SW., Switzer Building, Corridor 3200, Washington, DC 20201</p> <p><u>And</u></p> <p>U.S. Department of Health and Human Services, Office of Inspector General, ATTN: Mandatory Grant Disclosures, Intake Coordinator, 330 Independence Avenue, SW., Cohen Building, Room 5527, Washington, DC 20201</p>	Mandatory Disclosures, 45 CFR 75.113
DUNS Number (Universal Identifier) and Systems for Award Management (SAM) registration.	<p>A DUNS number is required of all applicants.</p> <p>To obtain a DUNS number, go to http://fedgov.dnb.com/webform.</p> <p>Active registration at the Systems Award Management (SAM) website must be maintained</p>	<p>A DUNS number and SAM registration are eligibility requirements for all applicants.</p> <p>See <i>Section</i></p>

	<p>throughout the application and project award period.</p> <p>SAM registration is available at http://www.sam.gov.</p>	<p><i>IV.5. Unique Entity Identifier and System for Award Management (SAM) for more information.</i></p>
--	--	--

Non-Federal Reviewers

Since ACF will be using non-federal reviewers in the review process, applicants have the option of omitting from the application copies (not the original) specific salary rates or amounts for individuals specified in the application budget as well as Social Security Numbers, if otherwise required for individuals. The copies may include summary salary information. If applicants are submitting their application electronically, ACF will omit the same specific salary rate information from copies made for use during the review and selection process.

The Project Description

The Project Description Overview

Purpose

The project description provides the majority of information by which an application is evaluated and ranked in competition with other applications for available assistance. It should address the activity for which federal funds are being requested, and should be consistent with the goals and objectives of the program as described in *Section I. Program Description*. Supporting documents should be included where they can present information clearly and succinctly. When appropriate, applicants should cite the evaluation criteria that are relevant to specific components of their project description. Awarding offices use this and other information in making their funding recommendations. It is important, therefore, that this information be included in the application in a manner that is clear and complete.

General Expectations and Instructions

Applicants should develop project descriptions that focus on outcomes and convey strategies for achieving intended performance. Project descriptions are evaluated on the basis of substance and measurable outcomes, not length. Extensive exhibits are not required. Cross-referencing should be used rather than repetition. Supporting information concerning activities that will not be directly funded by the grant or information that does not directly pertain to an integral part of the grant-funded activity should be placed in an appendix.

General Instructions for Preparing a Full Project Description

Introduction

Applicants must prepare the project description statement in accordance with the following instructions while being aware of the specified evaluation criteria in *Section V.I. Criteria*. The text options give a broad overview of what the project description should include while the evaluation criteria identify the measures that will be used to evaluate applications.

Table of Contents

List the contents of the application including corresponding page numbers. The table of contents must be single spaced and will be counted against the total page limitations.

Project Summary/Abstract

Provide a summary of the application's project description. The summary must be clear, accurate, concise, and without reference to other parts of the application. The abstract must include a brief description of the proposed grant project including the needs to be addressed, the proposed services, and the population group(s) to be served.

Please place the following at the top of the abstract:

- Project Title
- Applicant Name
- Address
- Contact Phone Numbers (Voice, Fax)
- E-Mail Address
- Web Site Address, if applicable

The project abstract must be single-spaced, in Times New Roman 12-point font, and limited to one page in length. Additional pages will be removed and will not be reviewed.

Objectives And Need For Assistance

Clearly identify the physical, economic, social, financial, institutional, and/or other problem(s) requiring a solution. The need for assistance including the nature and scope of the problem must be demonstrated, and the principal and subordinate objectives of the project must be clearly and concisely stated; supporting documentation, such as letters of support and testimonials from concerned interests other than the applicant, may be included. Any relevant data based on planning studies should be included or referred to in the endnotes/footnotes. Incorporate demographic data and participant/beneficiary information, as well as data describing the needs of the target population and the proposed service area as needed. When appropriate, a literature review should be used to support the objectives and needs described in this section.

Expected Outcomes

Identify the outcomes to be derived from the project. Outcomes should relate to the overall goals of the project as described in *Section I. Program Description*. If research is part of the proposed work, outcomes must include hypothesized results and implications of the proposed research.

Approach

Outline a plan of action that describes the scope and detail of how the proposed project will be accomplished. Applicants must account for all functions or activities identified in the application. Describe any design or technological innovations, reductions in cost or time, or extraordinary social and/or community involvement in the project. Provide a list of organizations, cooperating entities, consultants, or other key individuals that will work on the project, along with a short description of the nature of their effort or contribution.

Cite potential obstacles and challenges to accomplishing project goals and explain strategies that will be used to address these challenges.

The applicant must use the funds to support programs that prevent child abuse and neglect in tribal or migrant communities. The applicant must describe how these funds will support effective and comprehensive child abuse prevention activities and family support services that will enhance the lives and ensure the well-being of migrant or Native American children and their families.

The applicant must describe the implementation plan for programs and practices that will reflect the unique cultural characteristics and needs of their communities. The applicant must describe how they will implement or reestablish traditional practices and/or activities that support protective factors in order to prevent child abuse and neglect. The applicant must also describe service delivery strategies that build on, or are an alternative to, existing strategies. If the applicant chooses to adapt and/or implement evidence-based or evidence-informed programs or practices, a description of how they intend to adapt and/or implement such programs or practices must be included in the application.

The applicant must describe how the proposed project is innovative and how it will contribute to the knowledge base on the prevention of child abuse and neglect/promotion of family support. The applicant must describe how the project will be integrated into their ongoing practices, so as to sustain services and programming beyond the period of Federal funding, and so that researchers and national policymakers and practitioners will benefit from lessons learned from these projects. The applicant must describe a thorough understanding of the challenges of improving services for family support and preventing child abuse and neglect in their service population. The applicant must also describe the research on best practices and promising approaches as it relates to the proposed project. Finally, the applicant must describe how they will develop strong linkages with the Community-Based Child Abuse Prevention Program State Lead Agency funded under Title II of CAPTA.

Project Timeline and Milestones

Provide quantitative monthly or quarterly projections of the accomplishments to be achieved for each function, or activity, in such terms as the number of people to be served and the number of activities accomplished. Data may be organized and presented as project tasks and subtasks with their corresponding timelines during the project period. For example, each project task could be assigned to a row in the first column of a grid. Then, a unit of time could be assigned to each subsequent column, beginning with the first unit (i.e., week, month, quarter) of the project and ending with the last. Shading, arrows, or other markings could be

used across the applicable grid boxes or cells, representing units of time, to indicate the approximate duration and/or frequency of each task and its start and end dates within the project period.

When accomplishments cannot be quantified by activity or function, list them in chronological order to show the schedule of accomplishments and their target dates.

Program Performance Evaluation Plan

Applicants must describe the plan for the program performance evaluation that will contribute to continuous quality improvement. The program performance evaluation should monitor ongoing processes and the progress towards the goals and objectives of the project. Include descriptions of the inputs (e.g., organizational profile, collaborative partners, key staff, budget, and other resources), key processes, and expected outcomes of the funded activities. The plan may be supported by a logic model and must explain how the inputs, processes and outcomes will be measured, and how the resulting information will be used to inform improvement of funded activities.

Applicants must describe the systems and processes that will support the organization's performance management requirements through effective tracking of performance outcomes, including a description of how the organization will collect and manage data (e.g. assigned skilled staff, data management software) in a way that allows for accurate and timely reporting of performance outcomes. Applicants must describe any potential obstacles for implementing the program performance evaluation and how those obstacles will be addressed.

The applicant must describe an evaluation plan for the programs and services funded by the grant. This includes a logic model that demonstrates strong links between inputs/activities, and short and long-term outcomes. The applicant's evaluation plan must also describe how progress toward project objectives, customer satisfaction, effectiveness of program services and project strategies, the efficiency of the implementation process, and the impact of the project will be measured. The applicant must describe how the evaluation methods will provide performance feedback, support periodic assessment of program progress, and a sound basis for program adjustments.

If the applicant does not have the in-house capacity to conduct an objective, comprehensive evaluation of the project, the application must include a sound plan for contracting with a third-party evaluator specializing in social science or evaluation, or a university or college, to conduct the evaluation.

Geographic Location

Describe the precise location of the project and boundaries of the area to be served by the proposed project.

Legal Status of Applicant Entity

Applicants must provide the following documentation:

Non-profit organizations applying for funding are required to submit proof of their non-profit status. Proof of non-profit status is any one of the following:

- A reference to the applicant organization's listing in the IRS's most recent list of tax-exempt organizations described in the IRS Code.
- A copy of a currently valid IRS tax-exemption certificate.
- A statement from a state taxing body, state attorney general, or other appropriate state official certifying that the applicant organization has non-profit status and that none of the net earnings accrue to any private shareholders or individuals.
- A certified copy of the organization's certificate of incorporation or similar document that clearly establishes non-profit status.
- Any of the items in the subparagraphs immediately above for a state or national parent organization and a statement signed by the parent organization that the applicant organization is a local non-profit affiliate.

Unless directed otherwise, applicants must include proof of non-profit status in the *Appendices* file of the electronic application submission.

Logic Model

Applicants must submit a logic model for designing and managing their project. A logic model is a tool that presents the conceptual framework for a proposed project and explains the linkages among program elements. While there are many versions of the logic model, they generally summarize the logical connections among the needs that are the focus of the project, project goals and objectives, the target population, project inputs (resources), the proposed activities/processes/outputs directed toward the target population, the expected short- and long-term outcomes the initiative is designed to achieve, and the evaluation plan for measuring the extent to which proposed processes and outcomes actually occur.

Project Sustainability Plan

Applicants must propose a plan for project sustainability after the period of federal funding ends. Grantees are expected to sustain key elements of their grant projects, e.g., strategies or services and interventions, which have been effective in improving practices and those that have led to improved outcomes for children and families.

Describe the approach to project sustainment that will be most effective and feasible. Describe the key individuals and/or organizations whose support will be required in order to sustain program activities. Describe the types of alternative support that will be required to sustain the planned program. If the proposed project involves key project partners, describe how their cooperation and/or collaboration will be maintained after the end of federal funding.

Organizational Capacity

Provide the following information on the applicant organization and, if applicable, on any cooperating partners:

- Organizational charts;
- Resumes (no more than two single-spaced pages in length);
- Biographical Sketches (short narrative description);
- Copy or description of the applicant organization's fiscal control and accountability procedures;
- Evidence that the applicant organization, and any partnering organizations, have relevant experience and expertise with administration, development, implementation, management, and evaluation of programs similar to that offered under this announcement;
- Evidence that each participating organization, including partners and/or subcontractors, possess the organizational capability to fulfill their role(s) and function(s) effectively;
- Job descriptions for each vacant key position.

Protection of Sensitive and/or Confidential Information

If any confidential or sensitive information will be collected during the course of the project, whether from staff (e.g., background investigations) or project participants and/or project beneficiaries, provide a description of the methods that will be used to ensure that confidential and/or sensitive information is properly handled and safeguarded. Also provide a plan for the disposition of such information at the end of the project period.

Dissemination Plan

Applicants must propose a plan to disseminate reports, products, and/or grant project outputs so that project information is provided to key target audiences. Dissemination plans must include:

- Dissemination goals and objectives;
- Strategies to identify and engage with target audiences;
- Allocation of sufficient staff time and budget for dissemination purposes;
- A preliminary plan to evaluate the extent to which target audiences have received project information and have used it as intended.

Third-Party Agreements

Third-party agreements include Memoranda of Understanding (MOU) and Letters of Commitment. General letters of support are **not** considered to be third-party agreements. Third-party agreements must clearly describe the project activities and support to which the third party is committing. Third-party agreements must be signed by the person in the third-party organization with the authority to make such commitments on behalf of their organization.

Provide written and signed agreements between grantees and subgrantees, or subcontractors, or other cooperating entities. These agreements must detail the scope of work to be performed, work schedules, remuneration, and other terms and conditions that structure or define the relationship.

Plan for Oversight of Federal Award Funds

Provide a plan describing how oversight of federal funds will be ensured and how grant activities and partner(s) will adhere to applicable federal and programmatic regulations. Applicants must identify staff that will be responsible for maintaining oversight of program activities, staff, and partner(s). Applicants must describe procedures and policies used to oversee staff and/or partners/contractors.

Describe organizational records systems that relate financial data to performance data by identifying the source and application of federal funds so that they demonstrate effective control over and accountability for funds, compare outlays with budget amounts, and provide accounting records supported by source documentation.

The Project Budget and Budget Justification

All applicants are required to submit a project budget and budget justification with their application. The project budget is entered on the Budget Information Standard Form, either SF-424A or SF-424C, according to the directions provided with the SFs. The budget justification consists of a budget narrative and a line-item budget detail that includes detailed calculations for "object class categories" identified on the Budget Information Standard Form. Applicants must indicate the method they are selecting for their indirect cost rate. See Indirect Charges for further information.

Project budget calculations must include estimation methods, quantities, unit costs, and other similar quantitative detail sufficient for the calculation to be duplicated. If matching or cost sharing is a requirement, applicants must include a detailed listing of any funding sources identified in Block 18 of the SF-424 (Application for Federal Assistance). See the table in *Section IV.2. Required Forms, Assurances, and Certifications* listing the appropriate budget forms to use in this application.

Special Note: *The Consolidated Appropriations Act, 2016, (Division E, Title VII, General Provisions – Government-Wide), limits the salary amount that may be awarded and charged to ACF grants and cooperative agreements. Award funds issued under this announcement may not be used to pay the salary, or any percentage of salary, to an individual at a rate in excess of Executive Level II. The Executive Level II salary of the "Rates of Pay for the Executive Schedule" is \$185,100. This amount reflects an individual's base salary exclusive of fringe benefits and any income that an individual may be permitted to earn outside of the duties of the applicant organization. This salary limitation also applies to subawards and subcontracts under an ACF grant or cooperative agreement.*

Provide a budget using the 424A and/or 424C, as applicable, for each year of the proposed project. Provide a budget justification, which includes a budget narrative and a line-item detail, for each year of the proposed project. The budget narrative should describe how the categorical costs are derived. Discuss the necessity, reasonableness, and allocation of the proposed costs.

The applicant must submit a detailed line-item budget (not to exceed a total of \$132,546 per year) and a detailed budget justification explaining how grant funds would be spent over a period of 5 years.

Kick-off meeting: The applicant must allocate sufficient funds in the budget to support required travel: Within 3 months after the award, the project director, evaluator, and/or other key staff must attend a 2-3 day kick-off meeting in Washington, DC; and the project director, the evaluator, and/or other key staff must attend an annual grantee meeting.

Grantee meetings: The applicant must budget for travel for a minimum of two staff, but not more than four, to attend 5 grantees meetings (1 per year) over the course of the budget period. Grantees are expected to participate in peer-to-peer sharing of implementation activities.

General

Use the following guidelines for preparing the budget and budget justification. Both federal and non-federal resources (when required) shall be detailed and justified in the budget and budget narrative justification. "Federal resources" refers only to the ACF grant funds for which you are applying. "Non-federal resources" are all other non-ACF federal and non-federal resources. It is suggested that budget amounts and computations be presented in a columnar format: first column, object class categories; second column, federal budget; next column(s), non-federal budget(s); and last column, total budget. The budget justification should be in a narrative form.

Personnel

Description: Costs of employee salaries and wages.

Justification: Identify the project director or principal investigator, if known at the time of application. For each staff person provide: the title; time commitment to the project in months; time commitment to the project as a percentage or full-time equivalent; annual salary; grant salary; wage rates; etc. Do not include the costs of consultants, personnel costs of delegate agencies, or of specific project(s) and/or businesses to be financed by the applicant. Contractors and consultants should not be placed under this category.

Fringe Benefits

Description: Costs of employee fringe benefits unless treated as part of an approved indirect cost rate.

Justification: Provide a breakdown of the amounts and percentages that comprise fringe benefit costs such as health insurance, Federal Insurance Contributions Act (FICA) taxes, retirement insurance, and taxes.

Travel

Description: Costs of out-of-state or overnight project-related travel by employees of the applicant organization. Do not include in-state travel or consultant travel.

Justification: For each trip show the total number of traveler(s); travel destination; duration of trip; per diem; mileage allowances, if privately owned vehicles will be used to travel out of town; and other transportation costs and subsistence allowances. If appropriate for this project, travel costs for key project staff to attend ACF-sponsored workshops/conferences/grantee orientations should be detailed in the budget.

Equipment

Description: "Equipment" means an article of nonexpendable, tangible personal property having a useful life of more than one year per unit and an acquisition cost that equals or exceeds the lesser of: (a) the capitalization level established by the organization for the financial statement purposes, or (b) \$5,000. (Note: Acquisition cost means the net invoice unit price of an item of equipment, including the cost of any modifications, attachments, accessories, or auxiliary apparatus necessary to make it usable for the purpose for which it is acquired. Ancillary charges, such as taxes, duty, protective in-transit insurance, freight, and installation, shall be included in or excluded from acquisition cost in accordance with the applicant organization's regular written accounting practices.)

Justification: For each type of equipment requested applicants must provide a description of the equipment; the cost per unit; the number of units; the total cost; and a plan for use of the equipment in the project; as well as a plan for the use, and/or disposal of, the equipment after the project ends. An applicant organization that uses its own definition for equipment should provide a copy of its policy, or section of its policy, that includes the equipment definition.

Supplies

Description: Costs of all tangible personal property other than that included under the Equipment category. This includes office and other consumable supplies with a per-unit cost of less than \$5,000.

Justification: Specify general categories of supplies and their costs. Show computations and provide other information that supports the amount requested.

Contractual

Description: Costs of all contracts for services and goods except for those that belong under other categories such as equipment, supplies, construction, etc. Include third-party evaluation contracts, if applicable, and contracts with secondary recipient organizations (with budget detail), including delegate agencies and specific project(s) and/or businesses to be financed by the applicant. This area is not for individual consultants.

Justification: Demonstrate that all procurement transactions will be conducted in a manner to provide, to the maximum extent practical, open, and free competition. Recipients and subrecipients are required to use 45 CFR 75.328 procedures and must justify any anticipated procurement action that is expected to be awarded without competition and exceeds the

simplified acquisition threshold fixed by 41 U.S.C. § 134, as amended by 2 CFR Part 200.88, and currently set at \$150,000. Recipients may be required to make pre-award review and procurement documents, such as requests for proposals or invitations for bids, independent cost estimates, etc., available to ACF.

Note: Whenever the applicant intends to delegate part of the project to another agency, the applicant must provide a detailed budget and budget narrative for each contractor/sub-contractor, by agency title, along with the same supporting information referred to in these instructions. If the applicant plans to select the contractors/sub-contractors post-award and a detailed budget is not available at the time of application, the applicant must provide information on the nature of the work to be delegated, the estimated costs, and the process for selecting the delegate agency.

Other

Description: Enter the total of all other costs. Such costs, where applicable and appropriate, may include but are not limited to: consultant costs, local travel; insurance; food (when allowable); medical and dental costs (noncontractual); professional services costs (including audit charges); space and equipment rentals; printing and publication; computer use; training costs, such as tuition and stipends; staff development costs; and administrative costs.

Justification: Provide computations, a narrative description, and a justification for each cost under this category.

Indirect Charges

Description: Total amount of indirect costs. This category has one of two methods that an applicant can select. An applicant may only select one.

- 1) The applicant currently has an indirect cost rate approved by the Department of Health and Human Services (HHS) or another cognizant federal agency.

Note: An applicant must enclose a copy of the current approved rate agreement. If the applicant is requesting a rate that is less than what is allowed under the program, the authorized representative of the applicant organization must submit a signed acknowledgement that the applicant is accepting a lower rate than allowed.

- 2) Per 45 CFR § 75.414(f) Indirect (F&A) costs, “any non-Federal entity [i.e., applicant] that has never received a negotiated indirect costs rate, ... may elect to charge a de minimis rate of 10% of modified total direct costs (MTDC) which may be used indefinitely. As described in § 75.403, costs must be consistently charged as either indirect or direct costs, but may not be double charged or inconsistently charged as both. If chosen, this methodology once elected must be used consistently for all Federal awards until such time as a non-Federal entity chooses to negotiate for a rate, which the non-Federal entity may apply to do at any time.”

Justification: This method only applies to applicants that have never received an approved negotiated indirect cost rate from HHS or another cognizant federal agency. Applicants awaiting approval of their indirect cost proposal may request the 10 percent de minimis. When the applicant chooses this method, costs included in the indirect cost pool must not be

charged as direct costs to the grant.

Commitment of Non-Federal Resources

Description: Amounts of non-federal resources that will be used to support the project as identified in Block 18 of the SF-424.

For all federal awards, any shared costs or matching funds and all contributions, including cash and third-party in-kind contributions, must be accepted as part of the recipient's cost sharing or matching when such contributions meet all of the criteria listed in 45 CFR § 75.306.

For awards that require matching by statute, recipients will be held accountable for projected commitments of non-federal resources in their application budgets and budget justifications by budget period, or by project period for fully funded awards, even if the projected commitment exceeds the amount required by the statutory match. **A recipient's failure to provide the statutorily required matching amount may result in the disallowance of federal funds. Recipients will be required to report these funds in the Federal Financial Reports.**

For awards that do not require matching or cost sharing by statute, where "cost sharing" refers to any situation in which the recipient voluntarily shares in the costs of a project other than as statutorily required matching. These include situations in which contributions are voluntarily proposed by an applicant and are accepted by ACF. Non-federal cost sharing will be included in the approved project budget so that the applicant will be held accountable for proposed non-federal cost-sharing funds as shown in the Notice of Award (NOA). **A recipient's failure to provide voluntary cost sharing of non-federal resources that have been accepted by ACF as part of the approved project costs and that have been shown as part of the approved project budget in the NOA, may result in the disallowance of federal funds. Recipients will be required to report these funds in the Federal Financial Reports.**

Justification: If an applicant is relying on match from a third party, then a firm commitment of these resources (letter(s) or other documentation) is required to be submitted with the application. Detailed budget information must be provided for every funding source identified in Item 18. "Estimated Funding (\$)" on the SF-424.

Applicants are required to fully identify and document in their applications the specific costs or contributions they propose in order to meet a matching requirement. Applicants are also required to provide documentation in their applications on the sources of funding or contribution(s). In-kind contributions must be accompanied by a justification of how the stated valuation was determined. Matching or cost sharing must be documented by budget period (or by project period for fully funded awards). **A recipient's failure to provide a statutorily required matching amount may result in the disallowance of federal funds.**

Applications that lack the required supporting documentation will not be disqualified from competitive review; however, it may impact an application's scoring under the evaluation

criteria in *Section V.1.* of this announcement.

Paperwork Reduction Disclaimer

As required by the Paperwork Reduction Act of 1995, 44 U.S.C. §§ 3501-3521, the public reporting burden for the Project Description and Budget/Budget Justification is estimated to average 60 hours per response, including the time for reviewing instructions, gathering and maintaining the data needed, and reviewing the collection information. The Project Description and Budget/Budget Justification information collection is approved under OMB control number 0970-0139, expiration date is 01/31/2019. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

Application Submission Options

Electronic Submission via www.Grants.gov

Additional guidance on the submission of electronic applications can be found at <http://www.grants.gov/web/grants/applicants/apply-for-grants.html>.

After a grant application package is submitted to www.Grants.gov, a confirmation screen will appear on the applicant's computer screen. This screen confirms that an application has been submitted an application to Grants.gov. This page also contains a tracking number to identify the status of the application submission in the Track My Application feature.

When the application has completed the Grants.gov submission process, Grants.gov will send email messages to advise the applicant of the progress of the application through its system. **Over the next two business days, an applicant should receive two emails from Grants.gov:**

- **Submission Receipt Email:** Confirms successful receipt of the application by the Grants.gov system and indicates the application's status as "Received."
- **Submission Validation –OR– Rejection with Errors Email:** Indicates that the application was either successfully validated or rejected by Grants.gov. Either the application has been successfully validated by the system prior to transmission to the grantor agency or the application has been rejected due to errors.

Application Validation at www.Grants.gov

After an application has been successfully submitted to www.Grants.gov, it still must pass a series of validation checks. After an application is submitted, Grants.gov generates a submission receipt via email and also sets the application status to "Received." This receipt verifies that the application has been successfully delivered to the Grants.gov system.

Next, Grants.gov verifies the submission is valid by ensuring it does not contain viruses, the opportunity is still open, and the applicant login and applicant DUNS number match. If the submission is valid, Grants.gov generates a submission validation receipt via

email and sets the application status to "Validated."

If the application is not validated, the application status is set to "Rejected." The system sends a rejection email notification to the applicant and the applicant must re-submit the application package. See "What to Expect After Submitting" at www.Grants.gov for more information.

Each time an application is re-submitted to www.Grants.gov, the applicant will receive a new **Submission Receipt Email**. Only applications with on-time date and time stamps in Submission Receipt Email, and that pass validation, will be transmitted to ACF. Applications that are submitted on time that fail the validation check are not be transmitted to ACF and will not be acknowledged.

NOTE: The Grants.gov validation check can affect whether the application is accepted for review. If an application fails the Grants.gov validation check and is not resubmitted by 11:59 p.m., ET, on the due date, it will not be transmitted to ACF and will be excluded from the review.

Similarly, if an applicant resubmits their application to Grants.gov by 11:59 p.m., ET, on the due date, and the resubmitted application does not pass the validation check, it will not be transmitted to ACF and will be excluded from the review.

Grants.gov Support Center

- If applicants encounter any technical difficulties in using www.Grants.gov, contact the Grants.gov Support Center at: 1-800-518-4726, or by email at support@grants.gov, to report the problem and obtain assistance. Hours of Operation: 24 hours a day, 7 days a week. The Grants.gov Support Center is closed on federal holidays.
- Applicants should always retain Grants.gov Support Center service ticket number(s) as they may be needed for future reference.
- **Contact with the Grants.gov Support Center prior to the listed application due date and time does not ensure acceptance of an application. If difficulties are encountered, the Grants Management Officer listed in *Section VII. HHS Awarding Agency Contact(s)* will determine whether the submission issues are due to Grants.gov system errors or user error.**

Issues with Federal Systems

For any systems issues experienced with Grants.gov or SAM.gov, please refer to ACF's "Policy for Applicants Experiencing Federal Systems Issues" document for complete guidance at https://www.acf.hhs.gov/sites/default/files/assets/systems_issue_policy_final.pdf.

Request an Exemption from Required Electronic Application Submission

ACF recognizes that some applicants may have limited or no Internet access, and/or limited computer capacity, which may prohibit them from uploading large files at www.Grants.gov. To accommodate such applicants, ACF offers an exemption from required electronic submission. The exemption will allow applicants to submit hard copy, paper applications by hand-delivery, applicant courier, overnight/express mail couriers, or by other representatives of the applicant.

To receive an exemption from required electronic application submission, applicants must submit a written request to ACF that must state that the applicant qualifies for the exemption for one of the two following reasons:

- Lack of Internet access or Internet connection, or
- Limited computer capacity that prevents the uploading of large documents (files) at www.Grants.gov.

Applicants may request and receive the exemption from required electronic application submission by either:

- Submitting an email request to electronicappexemption@acf.hhs.gov, or
- Sending a written request to the Office of Grants Management Contact listed in *Section VII. HHS Awarding Agency Contact(s)* in this announcement.

Requests for exemption from required electronic application submission will be acknowledged with an approval or disapproval.

Requests that do not state one of the two listed reasons will not be approved.

An exemption is applicable to all applications submitted by the applicant organization during the Federal Fiscal Year (FFY) in which it is received. Applicants need only request an exemption once in a FFY. Applicants must request a new exemption from required electronic submission for any succeeding FFY.

Please Note: electronicappexemption@acf.hhs.gov may only be used to request an exemption from required electronic submission. All other inquiries must be directed to the appropriate agency contact listed in *Section VII.* of this announcement. Queries or requests submitted to this email address for any reason other than a request for an exemption from electronic application submission will not be acknowledged or answered.

All exemption requests must include the following information:

- Funding Opportunity Announcement Title,
- Funding Opportunity Number (FON),
- The listed Catalog of Federal Domestic Assistance (CFDA) number,
- Name of Applicant Organization and DUNS Number,
- AOR name and contact information,

- Name and contact information of person to be contacted on matters involving the application (i.e., the Point of Contact), and
- The reason for which the applicant is requesting an exemption from electronic application submission. The request for exemption must state one of the following two reasons: 1) lack of Internet access or Internet connection; or 2) lack of computer capacity that prevents uploading large documents (files) to the Internet.

Exemption requests must be *received by ACF no later than two weeks before the application due date*, that is, 14 calendar days prior to the application due date listed in the *Overview* and in *Section IV.4. Submission Dates and Times*. If the fourteenth calendar day falls on a weekend or federal holiday, the due date for receipt of an exemption request will move to the next federal business day that follows the weekend or federal holiday.

Applicants may refer to *Section VIII. Other Information* for a checklist of application requirements that may be used in developing and organizing application materials. Details concerning acknowledgment of received applications are available in *Section IV.4. Submission Dates and Times* of this announcement.

Paper Format Application Submission

An exemption is required for the submission of paper applications. See the preceding section on "*Request an Exemption from Required Electronic Application Submission*."

Applicants with exemptions that submit their applications in paper format, by mail or delivery, must submit one original and two copies of the complete application with all attachments. The original and each of the two copies must include all required forms, certifications, assurances, and appendices, be signed by the AOR, and be unbound. The original copy of the application must have original signature(s). See *Section IV.7.* of this announcement for address information for paper format application submissions. Applications submitted in paper format must be received by 4:30 p.m, ET, on the due date.

Applicants may refer to *Section VIII. Other Information* for a checklist of application requirements that may be used in developing and organizing application materials. Details concerning acknowledgment of received applications are available in *Section IV.4. Submission Dates and Times* in this announcement.

IV.3. Unique Entity Identifier and System for Award Management (SAM)

All applicants must have a DUNS Number (<http://fedgov.dnb.com/webform>) and an active registration with the System for Award Management (SAM.gov/SAM, <https://www.sam.gov>).

Obtaining a DUNS Number may take 1 to 2 days.

All applicants are required to maintain an active SAM registration until the application process is complete. If a grant is awarded, registration at SAM must be active throughout the life of the award.

Plan ahead. Allow at least 10 business days after you submit your registration for it to become active in SAM and at least an additional 24 hours before that registration information is available in other government systems, i.e. Grants.gov.

This action should allow you time to resolve any issues that may arise. Failure to comply with these requirements may result in your inability to submit your application through Grants.gov or prevent the award of a grant. Applicants should maintain documentation (with dates) of your efforts to register for, or renew a registration, at SAM. User Guides are available under the “Help” tab at <https://www.sam.gov>.

HHS requires all entities that plan to apply for, and ultimately receive, federal grant funds from any HHS Agency, or receive subawards directly from recipients of those grant funds to:

- Be registered in the SAM prior to submitting an application or plan;
- Maintain an active SAM registration with current information at all times during which it has an active award or an application or plan under consideration by an OPDIV; and
- Provide its active DUNS number in each application or plan it submits to the OPDIV.

ACF is prohibited from making an award until an applicant has complied with these requirements. At the time an award is ready to be made, if the intended recipient has not complied with these requirements, ACF:

- May determine that the applicant is not qualified to receive an award; and
- May use that determination as a basis for making an award to another applicant.

IV.4. Submission Dates and Times

Due Dates for Applications

Due Date for Applications: **06/27/2016**

Explanation of Due Dates

The due date for receipt of applications is listed in the *Overview* section and in this section. See *Section III.3. Other, Application Disqualification Factors*.

Electronic Applications

The deadline for submission of electronic applications via www.Grants.gov is 11:59 p.m., ET, on the due date. Electronic applications submitted at 12:00 a.m., ET, on the day after the due date will be considered late and will be disqualified from competitive

review and from funding under this announcement.

Applicants are required to submit their applications electronically via www.Grants.gov unless they received an exemption through the process described in *Section IV.2. Request an Exemption from Required Electronic Application Submission*.

ACF does not accommodate transmission of applications by email or facsimile.

Instructions for electronic submission via www.Grants.gov are available at: <http://www.grants.gov/web/grants/applicants/apply-for-grants.html>.

Applications submitted to www.Grants.gov at any time during the open application period prior to the due date and time that fail the Grants.gov validation check will not be received at ACF. These applications will not be acknowledged.

Mailed Paper Format Applications

The deadline for receipt of mailed, paper applications is 4:30 p.m., ET, on the due date. Mailed paper applications received after the due date and deadline time will be considered late and will be disqualified from competitive review and from funding under this announcement.

Paper format application submissions will be disqualified if the applicant organization has not received an exemption through the process described in *Section IV.2. Request an Exemption from Required Electronic Application Submission*.

Hand-Delivered Paper Format Applications

Applications that are hand-delivered by applicants, applicant couriers, by overnight/express mail couriers, or other representatives of the applicant must be received on, or before, the due date listed in the *Overview* and in this section. These applications must be delivered between the hours of 8:00 a.m. and 4:30 p.m., ET, Monday through Friday (excluding federal holidays). Applications should be delivered to the address provided in *Section IV.7. Other Submission Requirements*.

Hand-delivered paper applications received after the due date and deadline time will be considered late and will be disqualified from competitive review and from funding under this announcement.

Hand-delivered paper format application submissions will be disqualified if the applicant organization has not received an exemption through the process described in *Section IV.2. Request an Exemption from Required Electronic Application Submission*.

No appeals will be considered for applications classified as late under the following circumstances:

- Applications submitted electronically via www.Grants.gov are considered late when they are dated and time-stamped after the deadline of 11:59 p.m., ET, on the

due date.

- Paper format applications received by mail or hand-delivery after 4:30 p.m., ET, on the due date will be classified as late and will be disqualified.
- Paper format applications received from applicant organizations that were not approved for an exemption from required electronic application submission under the process described in *Section IV.2. Request an Exemption from Required Electronic Submission* will be disqualified.

Emergency Extensions

ACF may extend an application due date when circumstances make it impossible for an applicant to submit their applications on time. Only events such as documented natural disasters (floods, hurricanes, tornados, etc.), or a verifiable widespread disruption of electrical service, or mail service, will be considered. The determination to extend or waive the due date, and/or receipt time, requirements in an emergency situation rests with the Grants Management Officer listed as the Office of Grants Management Contact in *Section VII. HHS Awarding Agency Contact(s)*.

Acknowledgement from www.Grants.gov

Applicants will receive an initial email upon submission of their application to www.Grants.gov. This email will provide a **Grants.gov Tracking Number**. Applicants should refer to this tracking number in all communication with Grants.gov. The email will also provide a **date and time stamp**, which serves as the official record of application's submission. Receipt of this email does not indicate that the application is accepted or that it has passed the validation check.

Applicants will also receive an email acknowledging that the received application is in the **Grants.gov validation process**, after which a third email is sent with the information that the submitted application package has passed, or failed, the series of checks and validations. Applications that are submitted on time that fail the validation check will not be transmitted to ACF and will not be acknowledged by ACF.

See "What to Expect After Submitting" at www.Grants.gov for more information.

Acknowledgement from ACF of an electronic application's submission:

Applicants will be sent additional email(s) from ACF acknowledging that the application has been retrieved from www.Grants.gov by ACF. Receipt of these emails is not an indication that the application is accepted for competition.

Acknowledgement from ACF of receipt of a paper format application:

ACF will not provide acknowledgement of receipt of hard copy application packages submitted via mail or courier services.

IV.5. Intergovernmental Review

This program is not subject to Executive Order (E.O.) 12372, "Intergovernmental Review of Federal Programs," or 45 CFR Part 100, "Intergovernmental Review of Department of Health and Human Services Programs and Activities." No action is required of applicants under this announcement with regard to E.O. 12372.

IV.6. Funding Restrictions

Costs of organized fund raising, including financial campaigns, endowment drives, solicitation of gifts and bequests, and similar expenses incurred to raise capital or obtain contributions are unallowable. Fund raising costs for the purposes of meeting the Federal program objectives are allowable with prior written approval from the Federal awarding agency. (45 CFR §75.442)

Proposal costs are the costs of preparing bids, proposals, or applications on potential Federal and non-Federal awards or projects, including the development of data necessary to support the non-Federal entity's bids or proposals. Proposal costs of the current accounting period of both successful and unsuccessful bids and proposals normally should be treated as indirect (F&A) costs and allocated currently to all activities of the non-Federal entity. No proposal costs of past accounting periods will be allocable to the current period. (45 CFR §75.460)

Grant awards will not allow reimbursement of pre-award costs.

Construction is not an allowable activity or expenditure under this grant award.

Purchase of real property is not an allowable activity or expenditure under this grant award.

IV.7. Other Submission Requirements

Submit paper applications to one of the following addresses. Also see *Section IV.2. Request an Exemption from Required Electronic Application Submission*.

Submission By Mail

CB Operations Center
c/o LCG, Inc.
1400 Key Boulevard, Suite 900
Arlington, VA 22209

Hand Delivery

CB Operations Center
c/o LCG, Inc.
1400 Key Boulevard, Suite 900
Arlington, VA 22209

Electronic Submission

See *Section IV.2.* for application requirements and for guidance when submitting applications electronically via <http://www.Grants.gov>.

For all submissions, see *Section IV.4. Submission Dates and Times.*

V. Application Review Information

V.1. Criteria

Please note: Reviewers will not access, or review, any materials that are not part of the application documents. This includes information accessible on websites via hyperlinks that are referenced, or embedded, in the application. Though an application may include web links, or embedded hyperlinks, reviewers will not review this information as it is not considered to be part of the application documents. Nor will the information on websites be taken into consideration in scoring of evaluation criteria presented in this section. Reviewers will evaluate and score an application based on the documents that are presented in the application and **will not** refer to, or access, external links during the objective review.

OBJECTIVES AND NEED FOR ASSISTANCE

Maximum Points:20

In reviewing the objectives and need for assistance, reviewers will consider the extent to which:

1. The application demonstrates an understanding of the requirements of the authorizing legislation and this FOA, and the proposed project would contribute to meeting those requirements.
2. The application demonstrates a clear understanding of the need for and issues related to the prevention of child abuse and neglect for the target population.
3. The application presents a clear vision for developing and implementing the proposed project. The applicant makes a clear statement of the goals (i.e., end products of an effective project) and objectives (i.e., measurable steps for reaching these goals) of the proposed project. These goals and objectives closely relate to the needs of the target population in the target community.
4. The application presents a clear understanding of the research on best practices and promising approaches as it relates to the proposed project. The application describes how the proposed project is either innovative or it embraces traditional culture to promote family well-being and, if successfully implemented and evaluated, will likely contribute to the community's knowledge base on preventing child abuse and neglect and promoting family support for the target population.
5. The applicant describes how lessons learned through the proposed project would directly benefit the tribal or migrant community as well as contribute to national policy and practice in addressing the family support needs of the target population in the target community.

APPROACH

Maximum Points:40

In reviewing the approach, reviewers will consider the extent to which:

1. There is a sound timeline for effectively implementing the proposed project, including major milestones and target dates.
2. The proposed project would improve the safety and well-being of families being served by the program. Specific measurable outcomes would occur as a result of the proposed project. There would be a strong relationship between the proposed program and improved outcomes for the target population of children and families.
3. There would be an effective administrative and organizational interface between the applicant and CBCAP State Lead Agency(ies).
4. The application demonstrates a thorough understanding of the challenges of improving the approaches to providing family support and child abuse prevention services to the target population. The application demonstrates a thorough understanding of the challenges that the proposed project would have in planning and implementing the proposed project with the target population. The applicant provides a sound plan explaining how the proposed project would successfully overcome these challenges.
5. The proposed project implements programs and practices that reflect the unique cultural characteristics and needs of their communities, and implements or reestablishes traditional practices and/or activities that support protective factors in order to prevent child abuse and neglect.
6. The proposed project includes service delivery strategies that build on, or are an alternative to, existing strategies.
7. The dissemination plan includes appropriate mechanisms and forums that would effectively convey the information and support successful replication by other interested agencies.
8. The proposed project would be integrated into the grantee's ongoing practices with the goal of sustaining these services. There is a sound plan for continuing this project beyond the period of federal funding.

EVALUATION

Maximum Points:15

In reviewing the evaluation plan, reviewers will consider the extent to which:

1. The applicant includes a sound evaluation plan for the programs and services funded by the grant. The applicant provides a well-defined logic model that would guide the proposed project. The logic model demonstrates strong links between proposed inputs and activities and intended short- and long-term outcomes.
2. The project's evaluation plan would measure achievement of project objectives, customer satisfaction, effectiveness of program services and project strategies, the efficiency of the implementation process, and the impact of the project. The methods of evaluation would provide performance feedback, support periodic assessment of program progress, and provide a sound basis for program adjustments.
3. The applicant provides a sound plan for documenting project activities and results. The applicant identifies appropriate data sources and describes how relevant data will be collected. The applicant describes a sound plan for collecting and analyzing these data, ensuring that the data collected on individuals is properly

safeguarded, and securing informed consent.

4. The applicant describes a sound plan for contracting with a third-party evaluator specializing in social science or evaluation, or a university or college to conduct the evaluation, or describes the in-house capacity to conduct an objective, comprehensive evaluation of the project.

ORGANIZATIONAL CAPACITY

Maximum Points:20

In reviewing organizational capacity, reviewers will consider the extent to which:

1. The applicant has experience and expertise in child abuse prevention or family support, especially in the area of service delivery involving tribal, Native American, or migrant populations; in collaboration with child and family agencies serving the target population; in culturally competent service delivery; and in administration, development, implementation, management, and evaluation of similar projects. Each participating organization (including partners and/or subcontractors) possesses the organizational capability to fulfill its assigned roles and functions effectively (if the application involves partnering and/or subcontracting with other agencies/organizations) in serving tribal, Native American or migrant populations.
2. The proposed project director and key project staff possess sufficient relevant knowledge, experience, and capabilities to implement and manage a project of this size, scope, and complexity effectively (e.g., resume). The roles, responsibilities, and time commitments of each proposed project staff position, including consultants, subcontractors, and/or partners, are clearly defined and appropriate to the successful implementation of the proposed project with respect to serving tribal, Native American, or migrant populations.
3. The applicant's management plan is sound for achieving the objectives of the proposed project on time and within budget, including clearly defined responsibilities; for accomplishing project tasks; and for ensuring quality. The plan clearly describes the effective management and coordination of activities carried out by any partners, subcontractors, and consultants (if appropriate). There would be a mutually beneficial relationship between the proposed project and other work planned, anticipated, or underway with federal assistance by the applicant.

BUDGET AND BUDGET JUSTIFICATION

Maximum Points:5

In reviewing the budget and budget justification, reviewers will consider the extent to which:

1. The costs of the proposed project are reasonable and appropriate, in view of the activities to be conducted and expected results and benefits.
2. The applicant's fiscal controls and accounting procedures would ensure prudent use, proper and timely disbursement, and accurate accounting of funds received under this funding opportunity announcement.

V.2. Review and Selection Process

No grant award will be made under this announcement on the basis of an incomplete application. No grant award will be made to an applicant or sub-recipient that does not have a DUNS number (www.dbn.com) and an active registration at SAM (www.sam.gov). See *Section IV.3. Unique Entity Identifier and System for Award Management (SAM)*.

Initial ACF Screening

Each application will be screened to determine whether it meets any of the disqualification factors described in *Section III.3. Other, Application Disqualification Factors*.

Disqualified applications are considered to be “non-responsive” and are excluded from the competitive review process. Applicants will be notified of a disqualification determination by email or by USPS postal mail within 30 federal business days from the closing date of this FOA.

Objective Review and Results

Applications competing for financial assistance will be reviewed and evaluated by objective review panels using only the criteria described in *Section V.1. Criteria* of this announcement. Each panel is composed of experts with knowledge and experience in the area under review. Generally, review panels include three reviewers and one chairperson.

Results of the competitive objective review are taken into consideration by ACF in the selection of projects for funding; however, objective review scores and rankings are not binding. Scores and rankings are only one element used in the award decision-making process.

ACF may elect not to fund applicants with management or financial problems that would indicate an inability to successfully complete the proposed project. Applications may be funded in whole or in part. Successful applicants may be funded at an amount lower than that requested. ACF reserves the right to consider preferences to fund organizations serving emerging, unserved, or under-served populations, including those populations located in pockets of poverty. ACF will also consider the geographic distribution of federal funds in its award decisions.

Federal Awarding Agency Review of Risk Posed by Applicants

As required by 2 CFR 200 of the Uniform Guidance, effective January 1, 2016, ACF is required to review and consider any information about the applicant that is in the Federal Awardee Performance and Integrity Information System (FAPIIS), <https://www.fapiis.gov/>, before making any award in excess of the simplified acquisition threshold (currently \$150,000) over the period of performance. An applicant may review and comment on any information about itself that a federal awarding agency has previously entered into FAPIIS. ACF will consider any comments by the applicant, in addition to other information in FAPIIS, in making a judgment about the applicant's integrity, business ethics, and record of performance under federal awards when completing the review of risk posed by applicants as described in 2 CFR § 200.205 Federal Awarding Agency Review of Risk Posed by Applicants http://www.ecfr.gov/cgi-bin/text-idx?node=se2.1.200_1205&rgn=div8.

The legislative authority states in part that the “Secretary shall reserve 1 percent of the amount appropriated under 42 USC § 5116i for a fiscal year to make allotments to Indian tribes and tribal organizations and migrant programs.” Therefore, ACF will consider funding at least one tribal organization or Indian tribe and at least one migrant organization that falls within the funding range under this funding opportunity announcement.

Please refer to *Section IV.2.* of this announcement for information on non-federal reviewers in the review process.

Approved but Unfunded Applications

Applications recommended for approval that were not funded under the competition because of the lack of available funds may be held over by ACF and reconsidered in a subsequent review cycle if a future competition under the program area is planned. These applications will be held over for a period of up to one year and will be re-competed for funding with all other competing applications in the next available review cycle. For those applications determined as approved but unfunded, notice will be given of the determination by email.

V.3. Anticipated Announcement and Federal Award Dates

Announcement of awards and the disposition of applications will be provided to applicants at a later date. ACF staff cannot respond to requests for information regarding funding decisions prior to the official applicant notification.

VI. Federal Award Administration Information

VI.1. Federal Award Notices

Successful applicants will be notified through the issuance of a Notice of Award (NoA) that sets forth the amount of funds granted, the terms and conditions of the grant, the effective date of the grant, the budget period for which initial support will be given, the non-federal share to be provided (if applicable), and the total project period for which support is contemplated. The NoA will be signed by the Grants Officer and transmitted via postal mail, email, or by GrantSolutions.gov or the Head Start Enterprise System (HSES), whichever is relevant. Following the finalization of funding decisions, organizations whose applications will not be funded will be notified by letter signed by the cognizant Program Office head. Any other correspondence that announces to a Principal Investigator, or a Project Director, that an application was selected is not an authorization to begin performance.

Project costs that are incurred prior to the receipt of the NoA are at the recipient's risk and may be reimbursed only to the extent that they are considered allowable as approved pre-award costs. Information on allowable pre-award costs and the time period under which they may be incurred is available in *Section IV.6. Funding Restrictions.*

VI.2. Administrative and National Policy Requirements

Unless otherwise noted in this section, administrative and national policy requirements that are applicable to discretionary grants are available at:
<http://www.acf.hhs.gov/administrative-and-national-policy-requirements>.

VI.3. Reporting

Recipients under this FOA will be required to submit performance progress and financial reports periodically throughout the project period. Information on reporting requirements is available on the ACF website at
<http://www.acf.hhs.gov/discretionary-post-award-requirements#chapter-2>.

For planning purposes, the frequency of required reporting for awards made under this announcement are as follows:

Performance Progress Reports:	Semi-Annually
Financial Reports:	Semi-Annually
